Dear, Urban.

Hi, my name is Wyatt.
I am 9 years old, and
my dad Aaron works
for a company called
Urban. Now I am going
to tell you some good things.

He helped design and
construct new bridges
for the PA
Turnpike. He helped with
building, piers, beams
new roads, and blasting
or blowing up the MT.

The new bridge is 1,500
ft long and 80 feet
high. Name
behind River bridge

Some day I want to
be: ~~a~~ Urban engineer
just like my dad some
day.

~~over~~
sincerely
