

PROFESSIONAL SERVICES FOR JFK REDEVELOPMENT PROGRAM

IMMEDIATE STAFFING OPPORTUNITY

The Port Authority of NY & NJ has an immediate opening for a **full-time onsite Design Group Manager** for the JFK Redevelopment Program. Send resumes for qualified candidates to RedevelopJFK@urbanengineers.com by **Friday, April 19, 2024**.

Mandatory qualifications:

- Minimum of five (5) years' experience in engineering design or project management of infrastructures projects.
- Bachelor's degree in engineering from an ABET accredited engineering college or university.
- Experience with system applications such as eBuilder and SharePoint and ability to navigate the software.
- Experience with administering DB/DBB submittal reviews for design/construction and assess submittals for technical engineering scope.
- Perform compliance assessment of technical packages based on identified design guidelines and RPW documents.
- Make determinations to assign/task appropriate discipline(s) (Civil, Electrical, Structural, etc.) to provide technical review/audits for complex design packages.
- Experience with managing multi-disciplinary teams and resolve technical conflicts.
- Ability to work independently in a fast-paced environment and possess excellent organizational and oral/written communication to collaborate effectively.
- Proficient in software applications such as Microsoft Excel, Word, PowerPoint, etc.
- Valid driver's license.

Desired qualifications:

- Licensed as a Professional Engineer in the State of New York.
- Professional engineering experience in design of civil infrastructures (e.g., stormwater and sanitary sewer collection systems, water distribution systems, roadway design and pavements).
- Working knowledge of codes, engineering guidelines, and standards such as AASHTO, NYC Building Code, etc.
- Experience in problem solving, decision making, negotiations, and conflict resolution.
- Proficiency in auditing contract documents; drawings, and technical specifications.
